About Our Founder, Mr. Stanley G. Tate

Mr. Stanley G. Tate was instrumental in the early development of the Florida Prepaid College Program. It was his vision to provide Florida families with an affordable means to save for their children's future college education. Mr. Tate served tirelessly as Board Chairman from 1987 to 2005. In recognition of Mr. Tate's service, Governor Jeb Bush signed House Bill 263 into law on June 26, 2006, renaming the program the Stanley G. Tate Florida Prepaid College Program.

Highlights of Mr. Tate's leadership and steadfast commitment to his vision include:

- More than 58,000 tuition and dormitory contracts were sold in the first year.
- In 1990, the Florida Legislature created the Stanley Tate Project STARS scholarship program that is administered by the Stanley G. Tate Florida Prepaid College Foundation. Project STARS provides low-income students at risk of dropping out of school with the opportunity for a college education.
- In 1994, investments in the Florida Prepaid College Plan topped \$1 billion.
- In 1998, a new supplemental Prepaid Plan covering mandatory college fees, known as local fees, was introduced to complement existing Prepaid Tuition Plans. Nearly 20,000 customers purchased the new plan in the first year.
- In 2002, under Mr. Tate's leadership, the Board created the Florida 529 Savings Plan to provide families another way to save for college tuition, fees, housing and other college expenses. Prepaid College Plan sales exceeded the half-million mark that year.
- With Mr. Tate's guidance, the Board helped champion the federal legislation that exempts earnings on qualified withdrawals from Florida Prepaid College and Florida 529 Savings Plans from federal income tax.
- Already the largest plan of its kind in the nation, the Prepaid College program set another record in 2005 with one million plans sold.
- At the Florida Cabinet meeting on November 8, 2005, Governor Bush and the Florida Cabinet issued a resolution recognizing Mr. Tate's exemplary record of professional and dedicated service to the families and children of the State of Florida.
- While Mr. Tate served as Chairman, the Board sold more than one million total contracts, and more than 142,000 children used their plan benefits to attend a college or university. In addition, the Florida Prepaid College Foundation Board awarded more than 21,000 tuition and local fee scholarships. Of these, 15,472 were awarded to Stanley Tate Project STARS students, helping Florida's children build a better future through a college education.

Chairman's Message

The past year has been one for the record books, as we saw a historic increase in the number of new families enrolling in both Prepaid and Savings Plans, choosing to save for the future even amid continued economic challenges. Saving for any large expense involves sacrifice at times, but for 36 years the Florida Prepaid College Board has offered college savings options for Florida families that are affordable and, in the case of Prepaid Plans, inflation-proof.

Since 1988, Florida Prepaid has helped more than 1.26 million families prepare financially for postsecondary education. We are the largest and longest-running Prepaid Plan program in the nation, and our enhanced 529 Savings Plan has been awarded a medal by Morningstar for three years running. Florida Prepaid is an important and exclusive benefit of being a Sunshine State resident, and we are proud to offer this to so many families.

In the past year, 529 Plan sales rose 27% – with more than 69,000 plans sold. Families purchased more than 40,500 Prepaid Tuition Plans and more than 11,100 Prepaid Dormitory Plans, locking in the future cost of college for less. Another 17,363 families set up Florida 529 Savings Plans in 2023-2024, choosing this tax-advantaged, flexible way to save for a wide range of educational expenses.

It is with great pleasure, therefore, to present the 2024 Florida Prepaid College Board Annual Report for the fiscal year ending June 30, 2024.

Florida 529 Prepaid Plan Highlights:

- More than 646,000 students have attended college using Prepaid Plans.
- More than 81,000 students attended college in the fall of 2023 using Prepaid Plans.
- Approximately 12,000 students are using the benefits of their Prepaid Plan at a private, out-of-state or technical school.

Florida 529 Savings Plan Highlights :

- More than 158,000 active Florida 529 Savings accounts.
- Current market value as of June 30, 2024 was \$1.4 billion.
- More than 22,600 new accounts opened in 2023/2024.

As we look to the future, we are building on the momentum of 2023-24 to help as many families as possible save for college early and affordably to reduce or avoid student loan debt while finding higher education opportunities.

John D. Rood
Chairman, Florida Prepaid College Board

It is with profound sorrow that we mourn the passing of Mr. Stanley G. Tate, whose dedication to higher education has forever changed the lives of countless Florida families. From his selfless efforts in creating the Florida Prepaid College Program to his tireless work with the Florida Prepaid College Foundation, Mr. Tate's legacy is one of unwavering commitment to provide every child the opportunity to achieve a college education. As we continue to build upon his vision, we are reminded that education is a powerful force for change, and it is our shared responsibility to make higher education accessible to all.

Florida Prepaid College Board

Mission Statement

The Florida Prepaid College Board is committed to helping Floridians save for future qualified higher education expenses by providing a cost-effective, financially sound Prepaid College Plan, and other college savings programs.

About The Florida Prepaid College Board

Since 1988, the Florida Prepaid College Board has provided families with the means to prepay the cost of college tuition, most required fees, and dormitory housing for future use at any State University or Florida College through the Florida Prepaid College Plan. Florida Prepaid College Plans are guaranteed by the State of Florida.

In addition to the Florida Prepaid College Plan, the Board offers the Florida 529 Savings Plan. The Florida 529 Savings Plan allows families to save at their own pace for the future cost of college education.

Both plans are sponsored by the State of Florida and administered by the Board. Section 529 of the Internal Revenue Code authorizes both plans, so withdrawals for higher education expenses are tax-free.

The Florida Prepaid College Board is an agency of the State of Florida. The seven members who make up the Board are appointed and serve on a volunteer basis. They are responsible for establishing policy and monitoring performance for the Florida Prepaid College Plan and Florida 529 Savings Plan. The Executive Director and staff manage the day-to-day operations of the Board and its programs. The Board also oversees two direct-support organizations: The Florida Prepaid College Foundation and Florida ABLE Inc., d/b/a ABLE United.

The Board's first priority is always the safety of the money entrusted to it by Florida families. We are committed to helping Florida families save for one of the most important aspects in their children's lives - pursuing higher education.

The Importance Of Saving For Higher Education

For more than 35 years, the Florida Prepaid College Board has made college education accessible for millions of Floridians. With our help, Florida families are able to plan for their children's and grandchildren's futures. Here are just a few reasons why saving for college now makes a big impact for generations to come:

Education Pays: According to the latest [earnings report](#) from the Georgetown University Center on Education and the Workforce (CEW), adults with a bachelor's degree earn an average of \$2.8 million during their careers, \$1.2 million more than the median for workers with a high school diploma. In addition, at every additional level of education, workers tend to earn more than those with less education. For example, an Associate's degree increases lifetime earnings over a high school diploma by 25%, and Associate's degree holders earn a median of \$2 million during their lifetimes, averaging \$50,000 per year.

Higher Employment: A postsecondary degree or vocational training accelerates economic growth – for personal earnings as well as individuals' contributions to the local and state economy. According to a 2023 report from CEW, 42% of jobs by 2031 will require at least a bachelor's degree; and [72%](#) will require at least some level of education and training beyond high school.

Peace of Mind: Knowing that your child will have college money set aside can help you avoid the stress that other families experience when their children get closer to high school graduation and postsecondary choices. Moreover, having money saved for college can open the door to additional choices and opportunities for students who are considering where to pursue their degree or certification.

Avoiding Debt: Florida public colleges and universities continue to keep tuition costs low, with Florida now having the lowest university tuition costs in the country. Across the United States however, as the cost of college tuition has risen, so has student loan debt. College loans are the second-largest source of debt behind home mortgages, according to the Federal Reserve. The [latest](#) figures shows that this debt affects more than 43 million Americans, with a total student loan debt of more than \$1.7 trillion.

The U.S. average owed is \$35,000. Florida is home to more than 2.7 million borrowers who owe an average of more than \$38,000, according to the [Education Data Initiative](#). This type of financial burden can delay or prevent a college graduate from buying a home, starting a family, and building wealth and retirement savings. By starting a college savings fund now, you can help your child avoid being part of this growing statistic.

Time: The earlier you start saving, the more time you have to spread out your payments and lower the monthly contribution needed to reach your savings goals.

It's projected that 72% of jobs in 2031 will require at least some level of education and training beyond high school.

Customer Testimonials

"I have Florida Prepaid for all of my children. It's the perfect way to save for college. The key is to start immediately after your child is born."

Florida 529 Prepaid Plans

Florida 529 Prepaid Plans

The Florida Prepaid College Board offers families an affordable and secure way to save for tuition, specified fees, and university dormitory housing at Florida’s 12 State Universities and 28 Florida Colleges. The Florida 529 Prepaid Plan, also known as the Florida Prepaid College Plan, is guaranteed by the State of Florida. § If a child attends an out-of-state college or private college, the plan will pay the same amount as it would pay at a public college or university in Florida.

Investments

A conservative investment strategy is used for Prepaid Plans, with customer payments being invested in a manner that helps ensure that the Board’s obligations for tuition, the tuition differential fee, local fees, and dormitory costs, as applicable, are met.

The investment strategy utilizes both fixed income securities (including United State Treasuries and Corporate bonds) and equities (including stocks from United State and developed international country companies).

Diversity

We are pleased to report that minority participation continues to increase in the Prepaid Plan. Minorities represent 47% of the families enrolling in 2023-2024. Since Florida Prepaid’s inception, 32% of Prepaid families have been minorities.

Information is self-reported at the time of enrollment. Not all enrollees participated.

2023-2024 Open Enrollment

- Open Enrollment for the Florida Prepaid College Plan was February 1, 2024 - April 30, 2024.
- A total of 40,285 Prepaid Plans having a tuition component were purchased, 33,116 of which were for new student beneficiaries.
- In all, families purchased 51,659 plans - including Dormitory, Local Fee, and Tuition Differential Fee plans.
- With the close of the 2023-2024 enrollment period, the total number of children and students who have enrolled in the Florida Prepaid College Plan since the program began has grown to 1,291,639.

Plan Options for the 2023-2024 Enrollment Period

For the 2023-2024 enrollment period, families were offered the choice of five Prepaid Plans with a tuition component: the 2-Year Florida College Plan, the 4-Year Florida College Plan, the 2 + 2 Florida Plan, the 1-Year Florida University Plan, and the 4-Year Florida University Plan. These plans combined tuition, tuition differential fee, and other specified fees.

Also, the Board offered plans such as the Tuition Differential Fee Plan and the Local Fee Plan to cover required fees to supplement previously purchased tuition only plans. In addition, the University Dormitory Plan was offered to new and previous purchasers of a 2 + 2 Florida Plan, a 1-Year Florida University Plan, or a 4-Year Florida University Plan.

2023-2024 Prepaid Plans Sold

Q&A

How popular are the Prepaid Plans?

The 2-Year Florida College Plan was the choice of 10% of families in 2023-2024. Another 7.4% purchased the 4-Year Florida College Plan. The 2+2 Florida Plan garnered 9.1% of Prepaid Plan sales, and the 1-Year Florida University Plan accounted for 18.9% of plan sales. The most popular plan is still the 4-Year Florida University Plan, purchased by another 54.6% of families.

What is the most popular way to pay for a Prepaid Plan?

There are three different payment options to choose from when purchasing a Prepaid Plan. The choice for 80% of families is to make monthly payments until the child is expected to enroll in college. Another 8% selected monthly payments over five years and 12% of families made a single lump-sum payment.

Who is most likely to buy a Florida Prepaid College Plan?

Overall, parents comprised 84% of the purchasers in 2023-2024, with grandparents purchasing another 12.9% and the remaining 3.1% bought by relatives and others.

Sending Students Off to College

The opportunity for a child to go to college is enhanced when parents or grandparents save for college. One of the ways to ensure that opportunity is by saving with a Prepaid Plan. A Florida Prepaid College Plan allows families to prepay the future cost of college tuition, tuition differential fees, and other specified fees at a State University or Florida College. Families can also prepay for university dormitory housing. If the student decides to go to a private or out-of-state college, the plan will pay the same amount as it would pay at a public college or university in Florida. Also, if a child receives a scholarship, the plan will refund the same amount as it would pay a public college or university.

During the 2023 fall semester, more than 82,000 students throughout the U.S. were using Florida Prepaid College Plan benefits to pursue higher education. More than half of Prepaid Plan students, over 49,000, attended State Universities. Additionally, more than 19,000 attended Florida Colleges and more than 12,000 attended private, out-of-state, or technical schools.

Florida’s public universities received over \$97 million in Florida Prepaid College Plan tuition and fee payments for 49,952 students in fall 2023.

Florida 529 Savings Plan

Florida 529 Savings Plan

The Florida 529 Savings Plan allows families to save at their own pace for the future cost of a college education; there is no minimum monthly contribution. With a wide variety of investment options, families can decide how they want to invest their funds.

Tax-Free Earnings

Earnings on the investments are tax-free when used for any qualified higher education expense such as tuition, fees, room and board, books and even graduate or professional school. Qualified expenses now also include tuition and mandatory fees associated with enrollment or attendance at a K-12 public, private, or religious school, up to \$10,000 annually. Plus, funds can be used to pay for apprenticeship programs and other professional certifications or even student loan repayment. The Florida 529 Savings Plan can be used at almost any public or private university, community college, or technical school anywhere in the United States. The Savings Plan can also be used by adults returning to college for graduate school or professional certification.

Plan Statistics

As of June 30, 2024, there were 158,100 active Florida 529 Savings Plan accounts. The total market value of the Florida 529 Savings Plan was \$1.4 billion as of June 30, 2024, a increase of \$275 million from the previous year. The average account balance was \$9,017.

Introduced in 2002, the Florida 529 Savings Plan is a complementary 529 plan to the Florida 529 Prepaid Plan. Families can participate in one or both plans, depending on what fits their college goals for their children. Approximately 47% of families also have a Prepaid Plan and 95% are Florida residents.

Unlike the Florida Prepaid College Plan, the Florida 529 Savings Plan is subject to market risk. There is no guarantee that the value of the investment will grow. The account owner could lose all or a portion of the money invested. Potential account owners must agree to the terms and conditions of the Florida 529 Savings Plan Program Description and Participation Agreement, which discloses the potential risk of an account.

Investment Options

The Florida 529 Savings Plan now offers 22 investment options to allow our customers even greater flexibility to build their own portfolio. Seven professionally designed portfolios plus 15 individual fund options are offered by well-known companies such as Vanguard.

Low Fees

The Florida 529 Savings Plan charges no commission, sales or administrative fees. The only fees participants pay are the investment management fees, which range from 2 basis points (.02%) to 77 basis points (.77%) of the account balance.

Enrollment Year Portfolio

I have a Florida Prepaid College Plan. Why should I sign up for the Florida 529 Savings Plan?

The Florida 529 Savings Plan offers a way to save for extra expenses not covered by a Florida Prepaid College Plan, including books, off-campus housing, and the additional costs of most private and out-of-state colleges and graduate or professional schools.

Who can establish an account in the Florida 529 Savings Plan?

Anyone 18 years or older, including parents, grandparents, other relatives and friends, can open an account for a child. Individuals can even open an account to save for themselves to pursue a degree or certification to advance their career. The child or adult beneficiary must be a Florida resident.

What is the most popular investment option?

More than 80% of families choose the Enrollment Year Portfolio, which automatically adjusts over time so that funds are invested in more conservative assets with less risk and volatility as the student approaches college-age.
